OM Development Tool
Status Report

AMG-16 17 December 1996

Bob Lutz

The Johns Hopkins University

Applied Physics Laboratory

(301)953-5000

Robert.Lutz@jhuapl.edu

- **Completed prototype software delivered to DMSO on 1 December**

- **Highlights**
  - **OM Data Entry/Modification**
  - **OM consistency checking**
  - **OMT DIF readers/writers**
  - **Upload to, or download from OM library**
  - **Embedded user help**
  - **Documentation**

- **Both OMDTs successfully demonstrated at I/ITSEC**

OMDT RELEASE PROCEDURE

- **Software release form sent to all requesting organizations**

- **Completed form brought to 16 Dec OMDT demonstration**

- **Internet-based distribution**

  - **Advantages**

  - **More efficient/lower cost**

  - **Facilitates development of user database**

OMDT TESTING STRATEGY

- **Alpha testing phase begins immediately**
- **Web site has been established for trouble reports and change requests**
- **OMDT Users Group Meeting in mid-January**
  - Opportunity for users to meet with developers
  - Collect first round of feedback
  - Determine training requirements
- **Duration of alpha phase and need for beta phase dependent on user feedback**

FY97 OMDT DEVELOPMENT

- **Driven by user priorities**
    - Priority 1 -- Bug fixes
    - Priority 2 -- OMT compliance
    - Priority 3 -- Change requests
- **Periodic OMDT users group meetings will provide mechanism to determine priorities**
